NORTHERN PARADISE

Our Story

Northern Paradise is a family-owned business striving to bring fast, healthy, delicious food to neighborhoods. We want to encourage people to eat fresh, whole foods on a regular basis. We have worked hard to source tropical foods in order to replicate experiences from Hawai'i, California, Turks and Caicos and more. We are 100% ethically sourced and do our best to shop local with as many products as possible. In the cold month we experience in the city, Northern Paradise is an oasis where customers can escape to tropical locations with their taste buds.
